Meet the farmers of Minnesota's dairy community at the State Fair

August 27 to September 7 | 1265 Snelling Ave. N., St. Paul

The Minnesota State Fair is a premier agricultural celebration in the state. Each year, it transforms the city into a showcase for agriculture and farming. This long-held tradition is a wonderful opportunity for state legislators to meet dairy farmers and families and learn more about modern farming practices.

We invite you to plan your visit to the State Fair. When you're there, be sure to take some time to explore the iconic attractions that highlight Minnesota's dairy community.

- **The Moo Booth:** One must-visit spot is the Moo Booth, where you can learn about the dairy industry, meet local farmers and see a milking machine up close.
- **The Warner Coliseum:** Don't miss the Warner Coliseum. It features one of the largest livestock exhibitions in the Upper Midwest. Attend to see livestock competitions and various educational exhibits that highlight the importance of agriculture in our daily lives.
- **Princess Kay Butter Carvings:** Watch as Midwest Dairy Princess Kay of the Milky Way contestants have their likenesses carved into 90-pound blocks of butter by sculptor Gerry Kulzer. These contestants serve as the goodwill ambassadors of Minnesota's dairy farmers.
- **4-H & FFA Competitions:** Meet enthusiastic agriculture students who proudly display their projects and animals. These young exhibitors exemplify the hard work and dedication that go into raising livestock and growing crops in Minnesota.

This year's fair will be fun and educational. Enjoy the opportunity to learn about the process of milk production from the farm to the table and meet directly with local farmers.
